

Help Us Create a Safe Space for Drop Off!

Student safety is a top priority. Please review and follow the key points below to assist us with a safe, efficient, and stress-free student drop-off

- All car riders should be dropped off on Hurricane Alley. (Road in front of the MS and HS gyms.)
- Please do not enter Hurricane Alley until you are prepared to drop your student.
- Upon entering the drop off area, students should be prepared to exit the car in a quick and safe manner. Please have all passengers and materials prepared.
- Pull to the designated spots before your student exits.
- The designated drop off spot is between the four crosswalks in front of the gyms.
- Drop off is permitted **ONLY** from the right lane. (Students may not be dropped from the left lane. Crossing traffic from the left lane is very dangerous.)
- Students must exit from the passenger side only.
- After the student is dropped off, cars will move from the right lane and proceed with caution to the left lane. Please allow cars to merge left.
- At NO time, is parking or sitting in either the right or left hand lane permitted. Please drop and go in order to avoid holding up the entire process.
- Please do not use your cell phone while driving your car during drop off/pickup times. Focus on student safety.
- Pay close attention for student drivers using the crosswalks in the drop off area. Please do not block the crosswalk. 
- All parents must exit using the Richardson Place Exit. Parents should not enter the student parking area.

Thank you in advance for providing our students with a safe arrival to school.
