

Yes, all students will receive free breakfast and lunch for the entire 21-22 academic year

BUT

...you should still complete a F&R Meal Application because:

- **PEBT Benefits**. A student **MUST** be qualified for free or reduced meals to receive PEBT benefits. Please fill out a F&R Meal application if this applies to you.
- **Additional Family Benefits**. You may qualify for additional programs and receive housing, food and other benefits not described here.
- **Federal and State Grants**. Wilmington City Schools receives more federal funds based on the number of applicants that are approved. More Federal funding means we can offer more educational programs for your child.
- **Benefits** reach not only you and your children, they also make WCS eligible for programs that help our student body as a whole, their families and the community.
